Search by simple query

You can search by query, like with the vinyl title or artist name

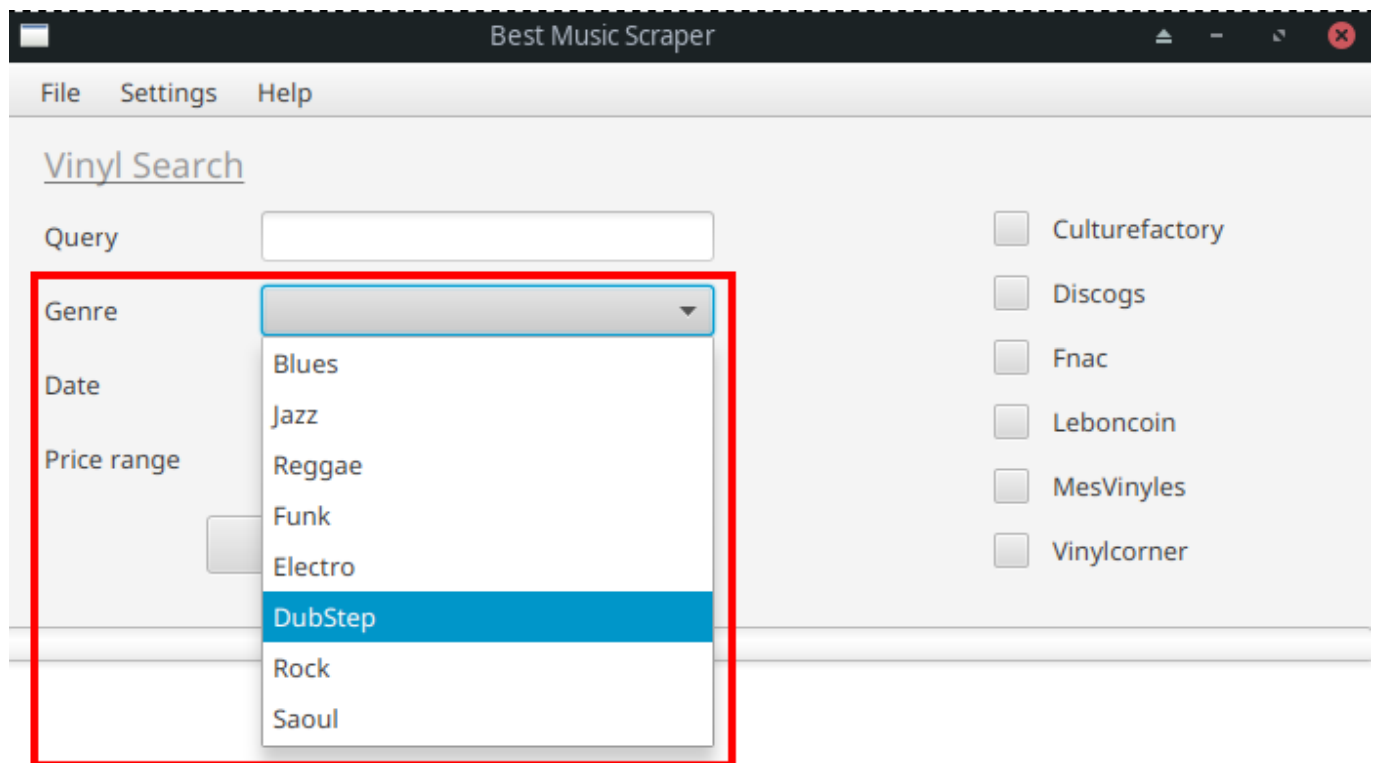

The screenshot shows the 'Best Music Scraper' application window. The title bar includes standard window controls. The menu bar contains 'File', 'Settings', and 'Help'. The main content area is titled 'Vinyl Search'. It features a search form with the following elements:

- A 'Query' text input field, which is highlighted with a red rectangular border.
- A 'Genre' dropdown menu.
- A 'Date' text input field with a calendar icon on the right.
- A 'Price range' section with two text input fields separated by '€ à €'.
- 'Search' and 'Reset' buttons at the bottom of the form.
- A list of checkboxes on the right side for selecting specific sources: Culturefactory, Discogs, Fnac, Leboncoin, MesVinyles, and Vinylcorner.

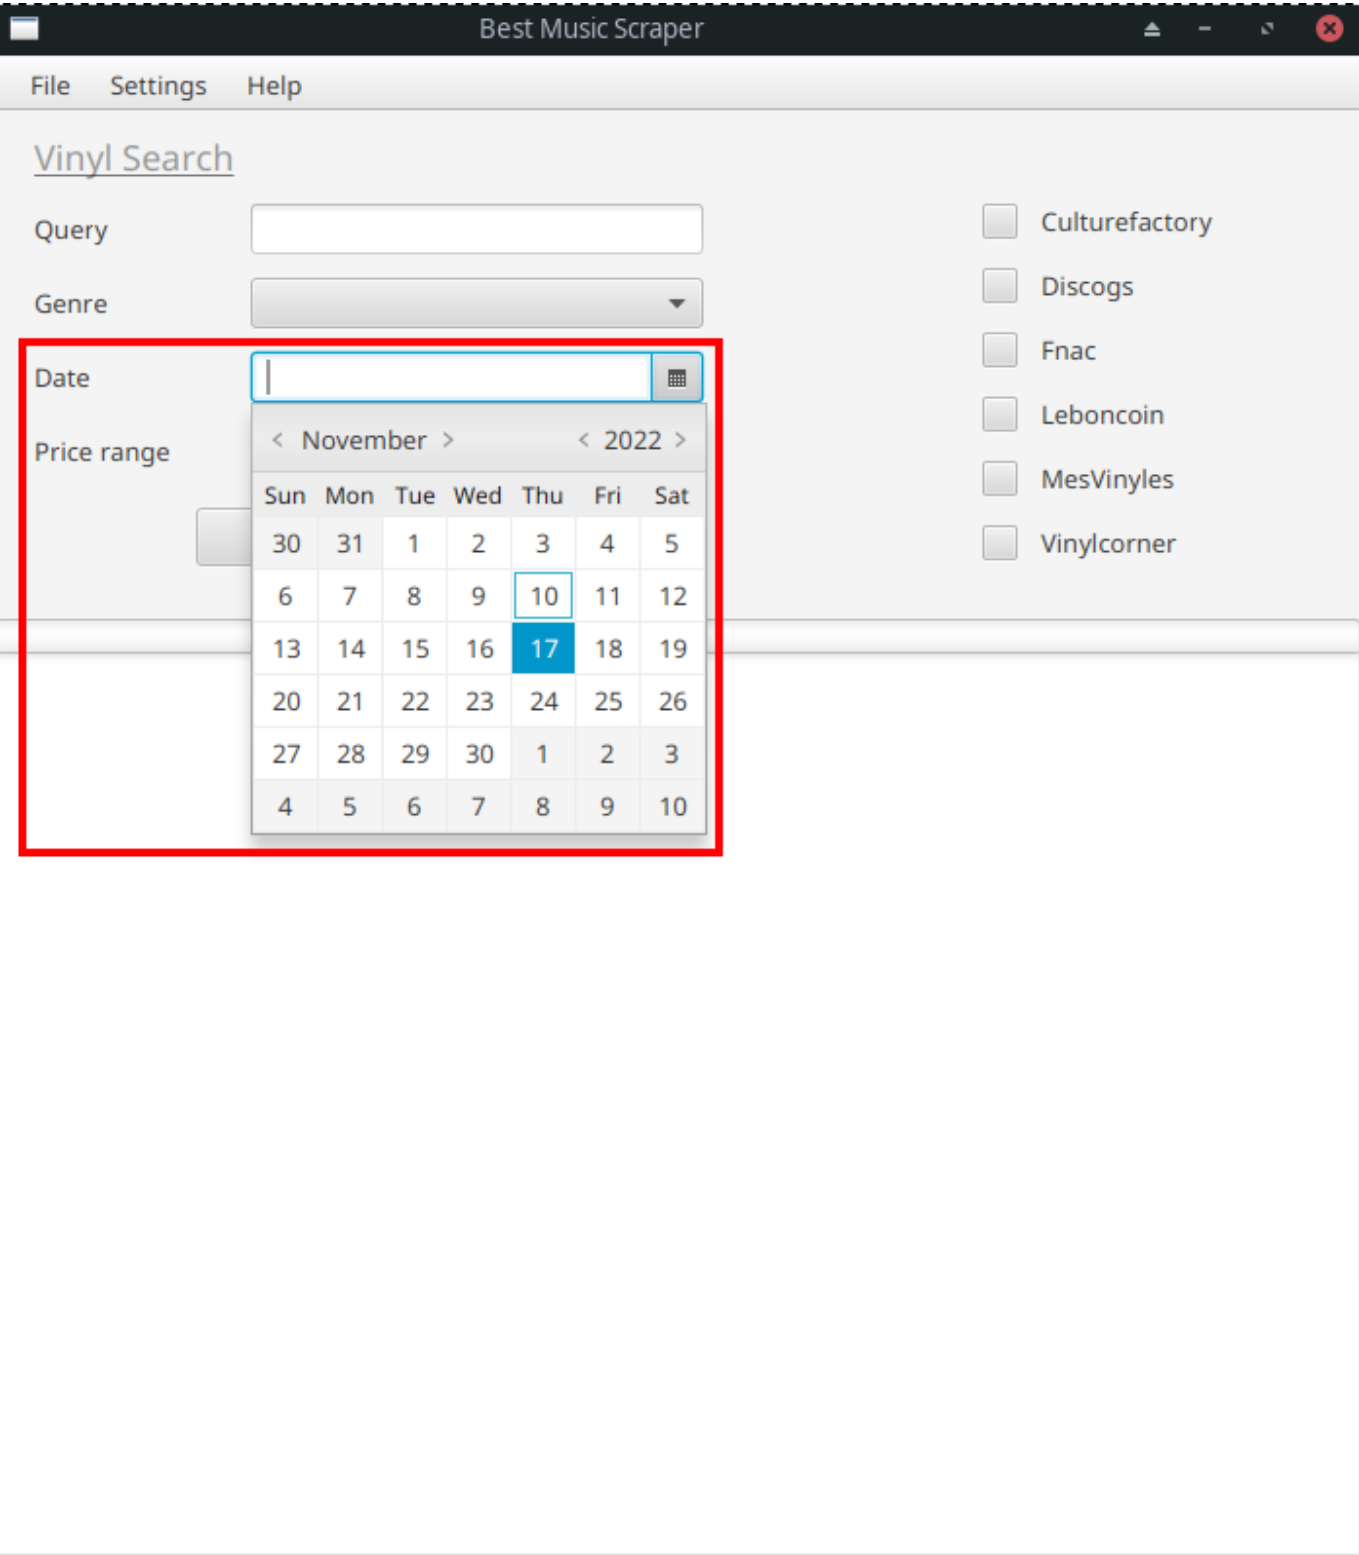

Query by genre

You can search by genre, by selecting one in the combo box

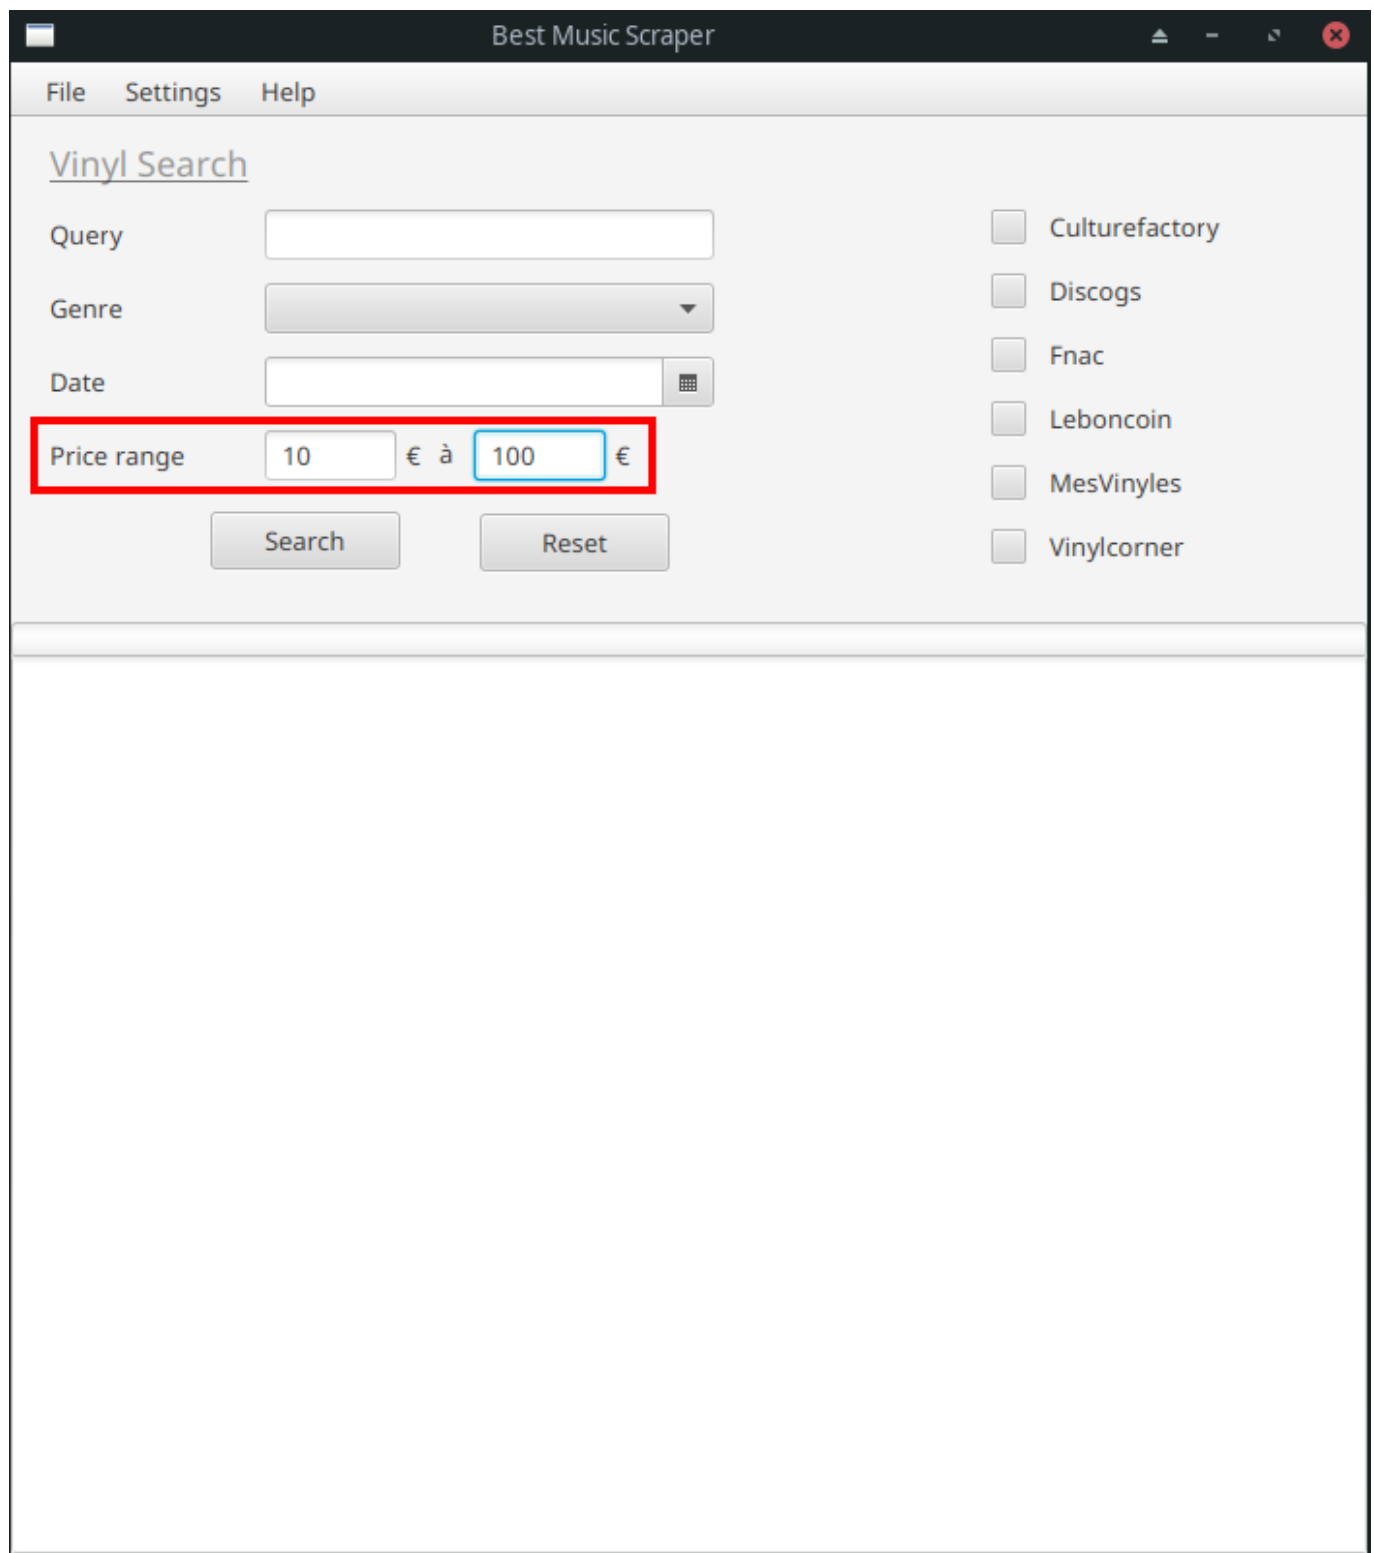

Query by date

You can search by date, by selecting a year in the date picker

Query by price range

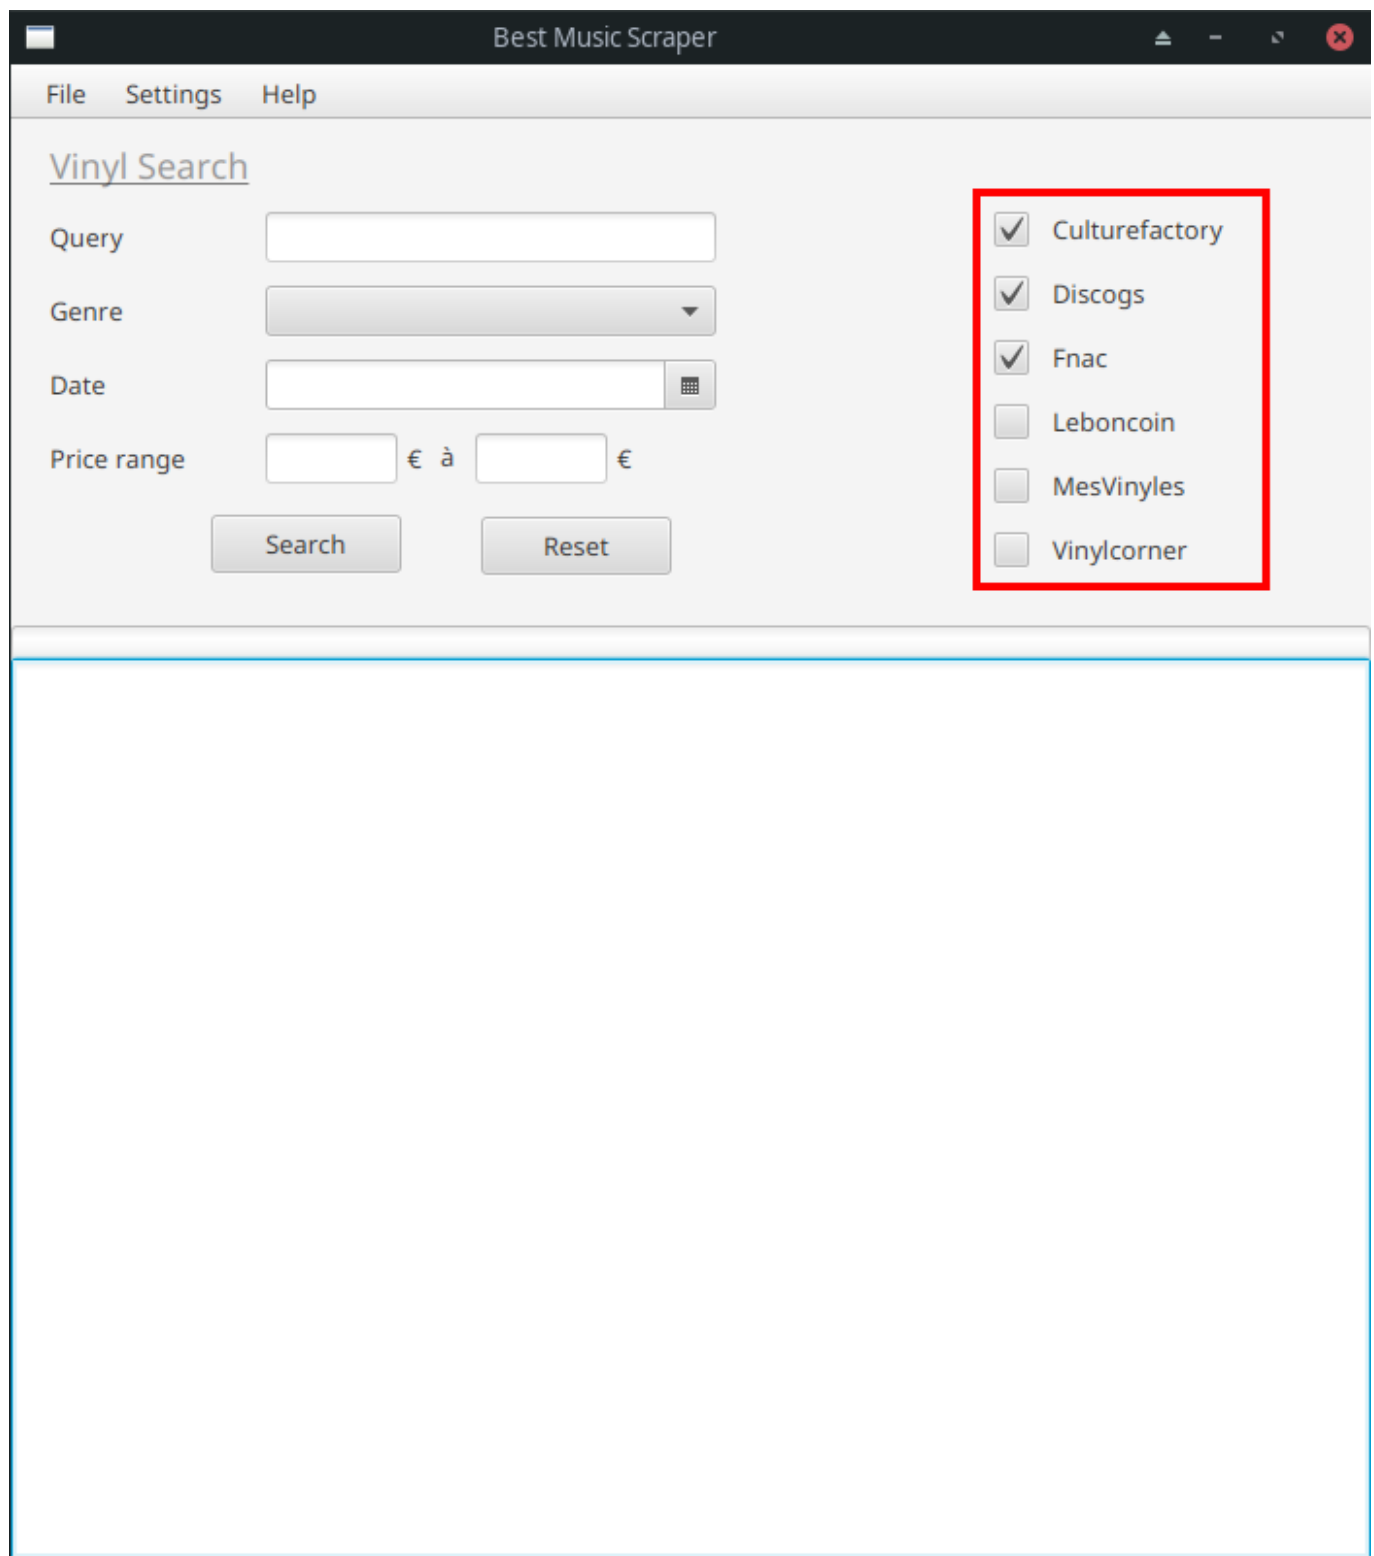

You can search by price range

The screenshot shows the 'Best Music Scraper' application window. The title bar reads 'Best Music Scraper'. The menu bar contains 'File', 'Settings', and 'Help'. The main content area is titled 'Vinyl Search'. It features several input fields: 'Query' (a text box), 'Genre' (a dropdown menu), 'Date' (a text box with a calendar icon), and 'Price range' (two text boxes with '10' and '100' respectively, separated by '€ à'). The 'Price range' section is highlighted with a red rectangle. Below these fields are 'Search' and 'Reset' buttons. On the right side, there is a list of sources with checkboxes: Culturefactory, Discogs, Fnac, Leboncoin, MesVinyles, and Vinylcorner. The application window has a standard macOS-style title bar with window control buttons.

Select one or multiple providers

You can select one or multiple providers with the checkboxes on the right

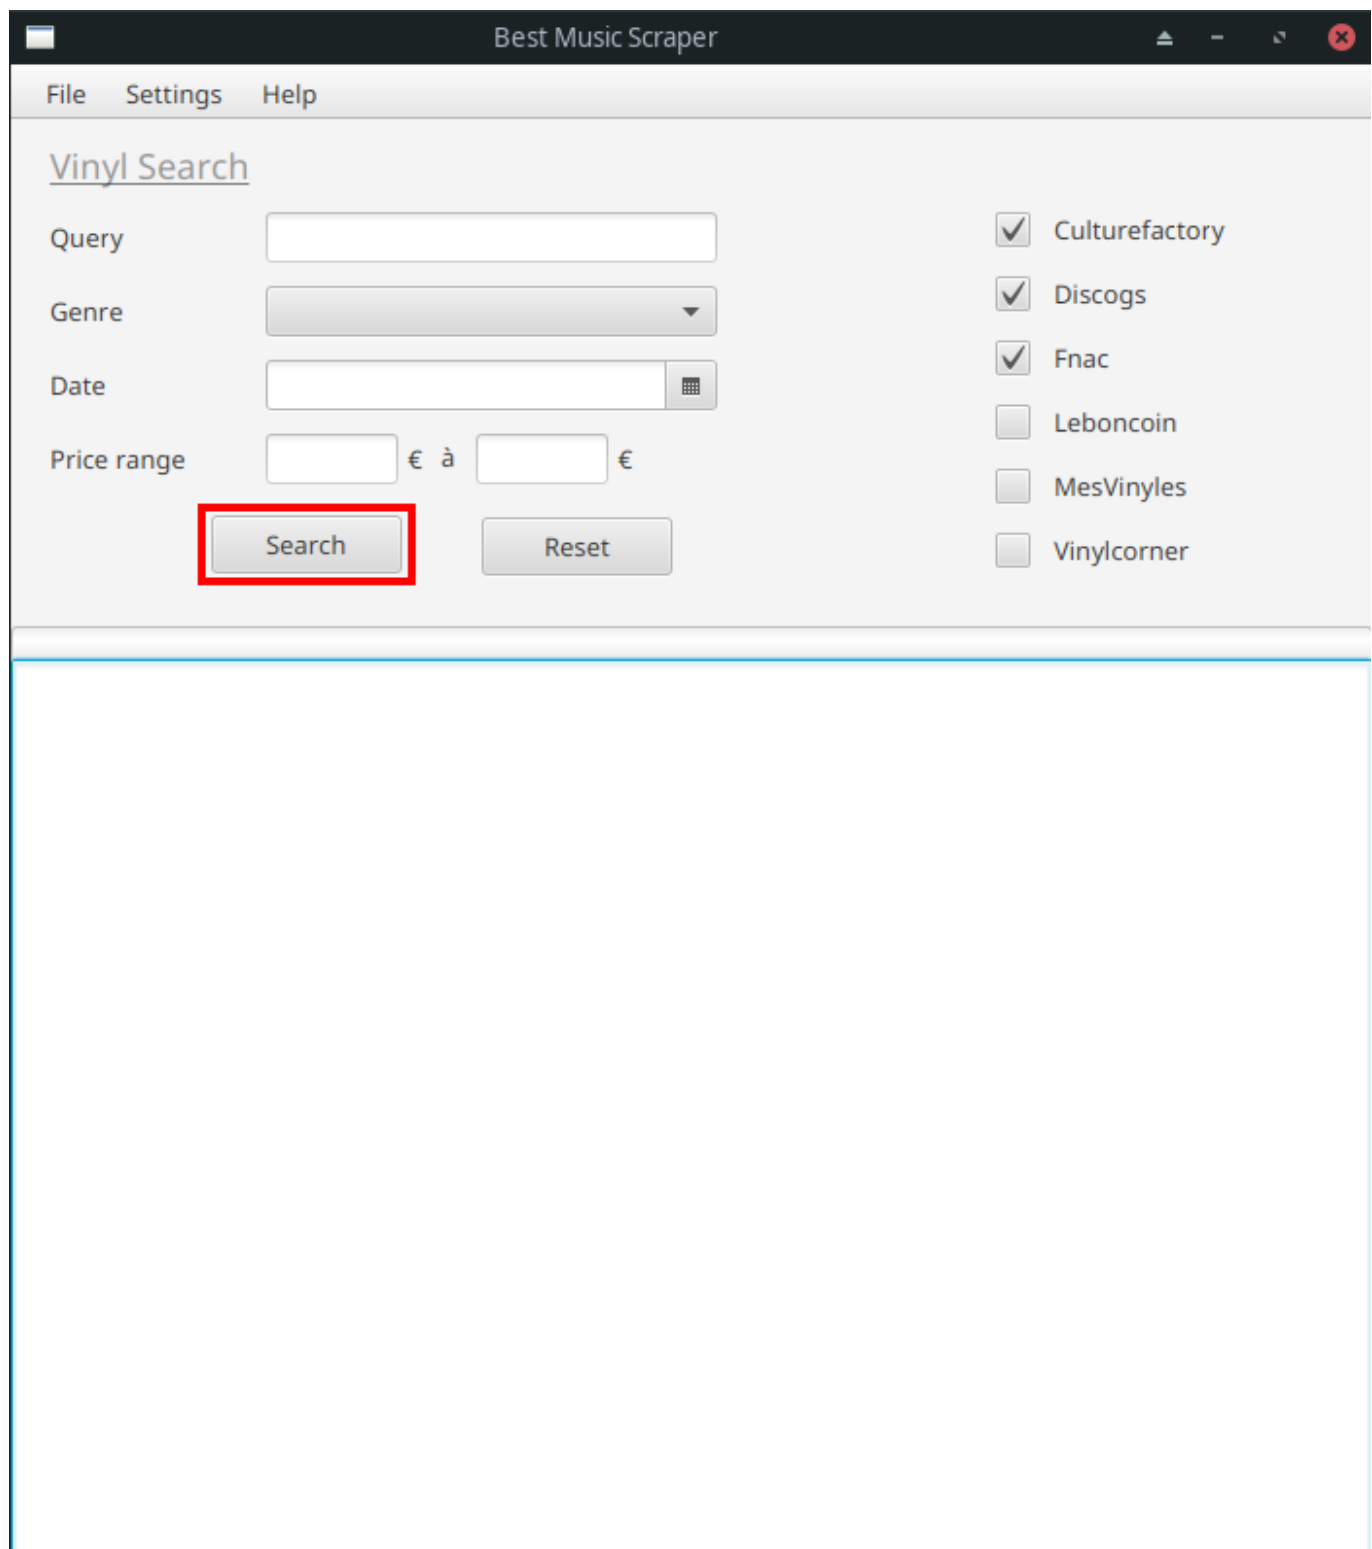

The screenshot shows the 'Best Music Scraper' application window. The title bar includes standard window controls. The menu bar contains 'File', 'Settings', and 'Help'. The main content area is titled 'Vinyl Search' and contains several input fields: 'Query', 'Genre' (a dropdown menu), 'Date' (with a calendar icon), and 'Price range' (two input boxes separated by '€ à €'). Below these fields are 'Search' and 'Reset' buttons. On the right side, there is a list of providers with checkboxes. A red rectangle highlights the first three providers: Culturefactory, Discogs, and Fnac, which are all checked. The other providers, Leboncoin, MesVinyles, and Vinylcorner, are unchecked.

Provider	Selected
Culturefactory	Yes
Discogs	Yes
Fnac	Yes
Leboncoin	No
MesVinyles	No
Vinylcorner	No

Query

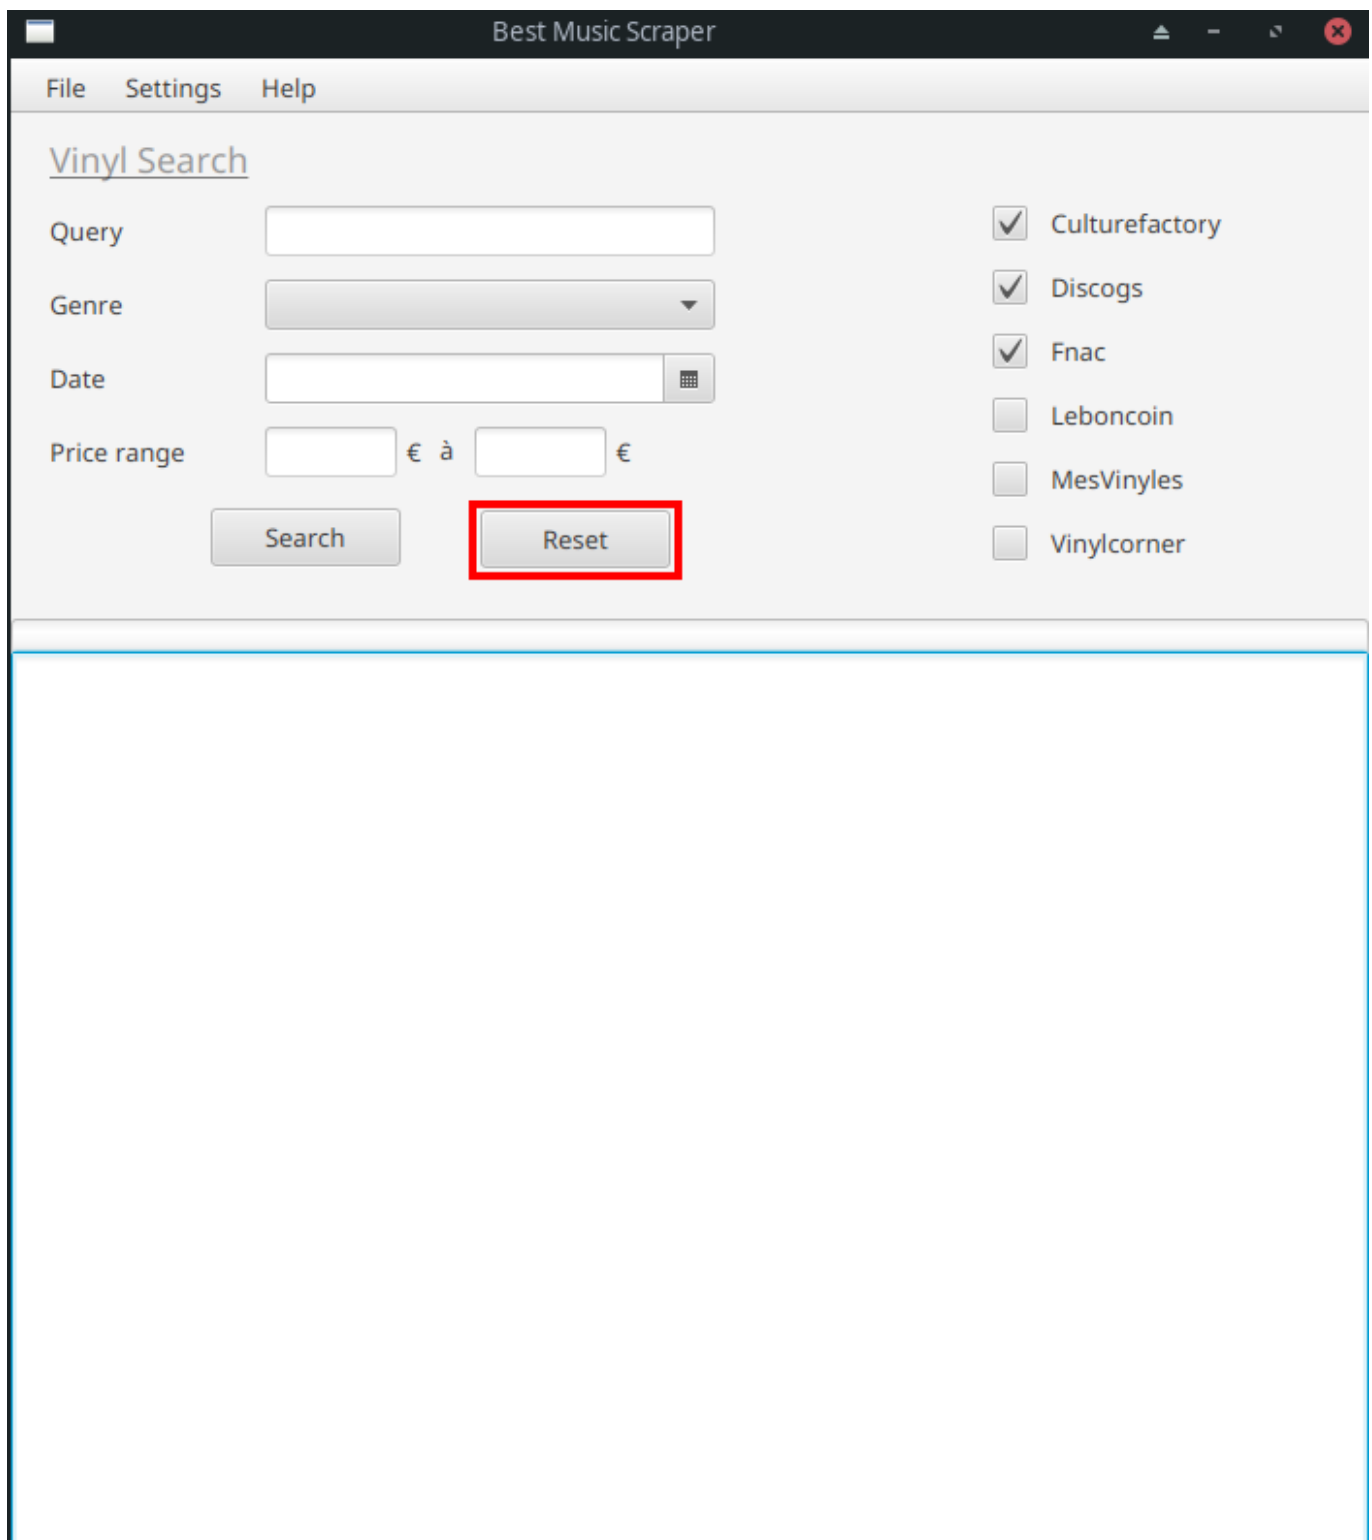

When you're all good with the query parameters, you can click search to start scraping

The screenshot shows the 'Best Music Scraper' application window. The title bar reads 'Best Music Scraper'. The menu bar contains 'File', 'Settings', and 'Help'. The main section is titled 'Vinyl Search'. It contains several input fields: 'Query' (a text box), 'Genre' (a dropdown menu), 'Date' (a text box with a calendar icon), and 'Price range' (two text boxes separated by '€ à €'). Below these fields are two buttons: 'Search' and 'Reset'. The 'Search' button is highlighted with a red rectangle. To the right of the input fields is a list of checkboxes for selecting sources: 'Culturefactory', 'Discogs', 'Fnac', 'Leboncoin', 'MesVinyles', and 'Vinylcorner'. The first three are checked, while the last three are unchecked. Below the input fields and buttons is a large, empty rectangular area, likely for displaying search results.

Reset form

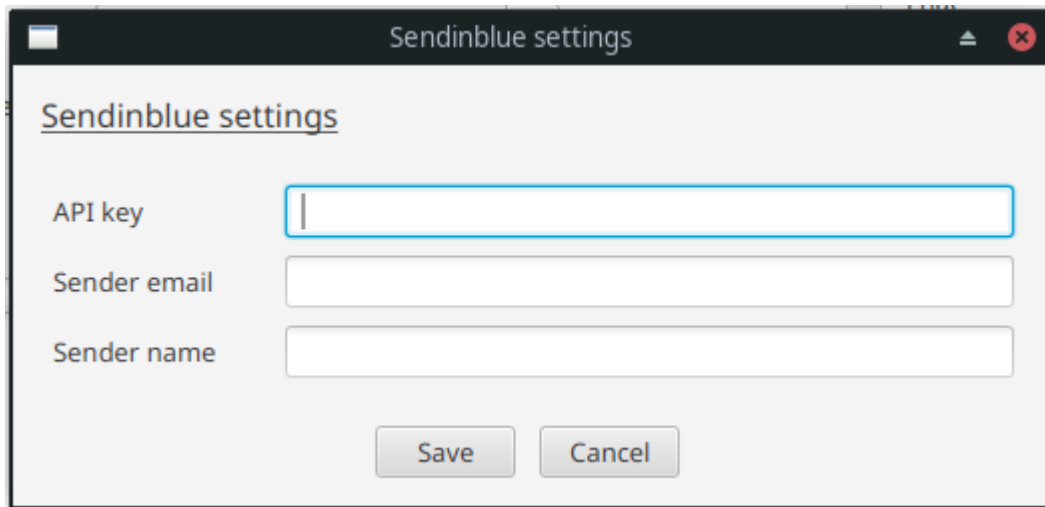

If you want to reset all the form, just click on the reset button

The screenshot shows the 'Best Music Scraper' application window. The title bar reads 'Best Music Scraper'. The menu bar contains 'File', 'Settings', and 'Help'. The main content area is titled 'Vinyl Search'. It features several input fields: 'Query' (a text box), 'Genre' (a dropdown menu), 'Date' (a text box with a calendar icon), and 'Price range' (two text boxes separated by '€ à €'). Below these fields are two buttons: 'Search' and 'Reset'. The 'Reset' button is highlighted with a red rectangular border. To the right of the input fields is a list of checkboxes for selecting sources: 'Culturefactory' (checked), 'Discogs' (checked), 'Fnac' (checked), 'Leboncoin' (unchecked), 'MesVinyles' (unchecked), and 'Vinylcorner' (unchecked). The bottom half of the window is a large, empty white area, likely for displaying search results.

Configure Sendinblue

Before sending emails, you have to configure sendinblue by going to settings -> sendinblue

The image shows a screenshot of a software window titled "Sendinblue settings". The window has a dark title bar with standard window controls (minimize, maximize, close). Inside the window, the title "Sendinblue settings" is displayed at the top. Below the title, there are three input fields: "API key", "Sender email", and "Sender name". The "API key" field is currently selected, indicated by a blue border. At the bottom of the window, there are two buttons: "Save" and "Cancel".

Sender email

Sender name

Configure database connection

Before sending emails, you have to configure sendinblue by going to settings -> database

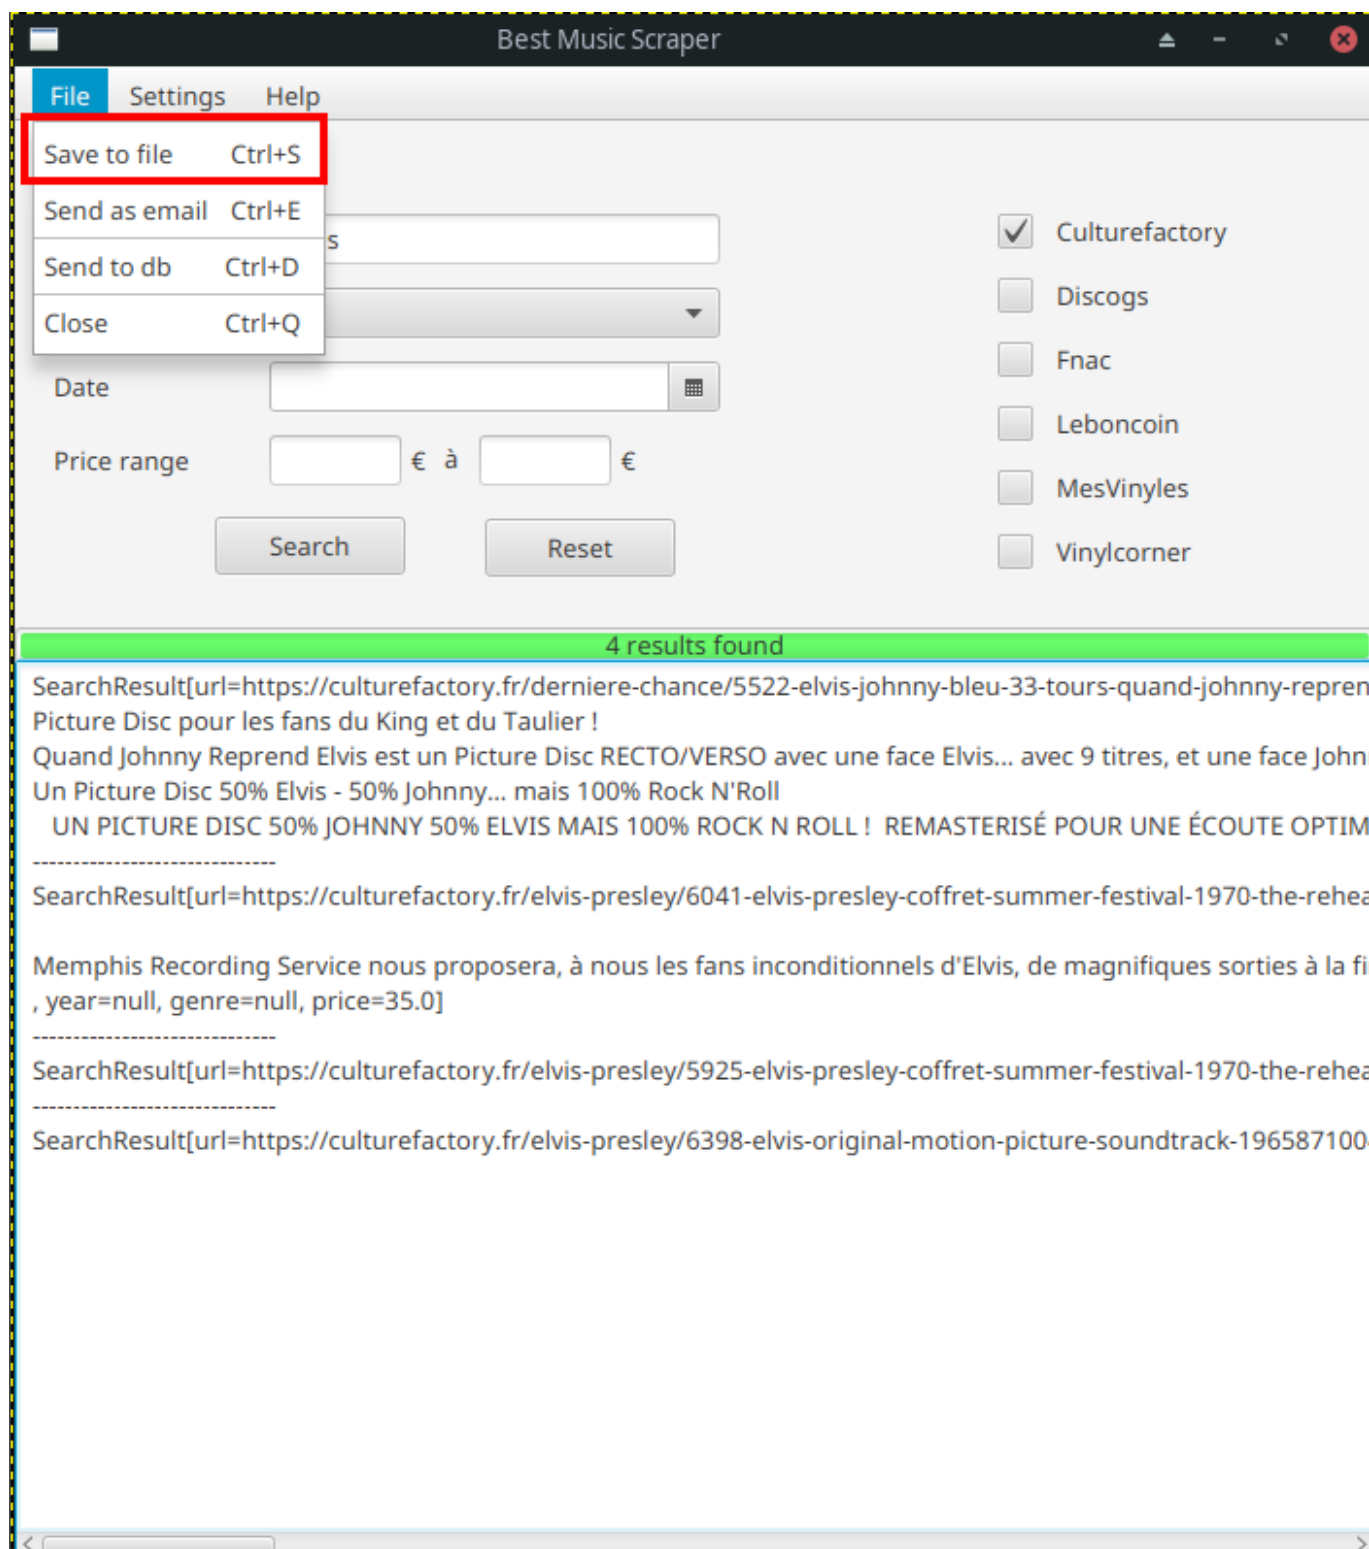

The image shows a 'Database settings' dialog box with a title bar containing a maximize button, a close button, and the text 'Database settings'. The dialog has a light gray background. At the top, the title 'Database settings' is underlined. Below the title, there are five input fields arranged vertically, each with a label to its left: 'Host', 'Port', 'Database name', 'User name', and 'User password'. The 'Host' field is currently selected, indicated by a blue border. At the bottom of the dialog, there are two buttons: 'Save' and 'Cancel'.

Field	Value
Host	
Port	
Database name	
User name	
User password	

Buttons: Save, Cancel

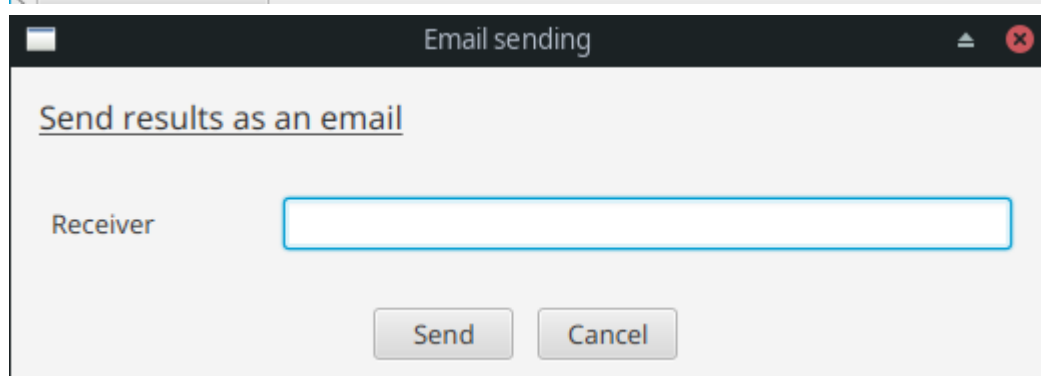

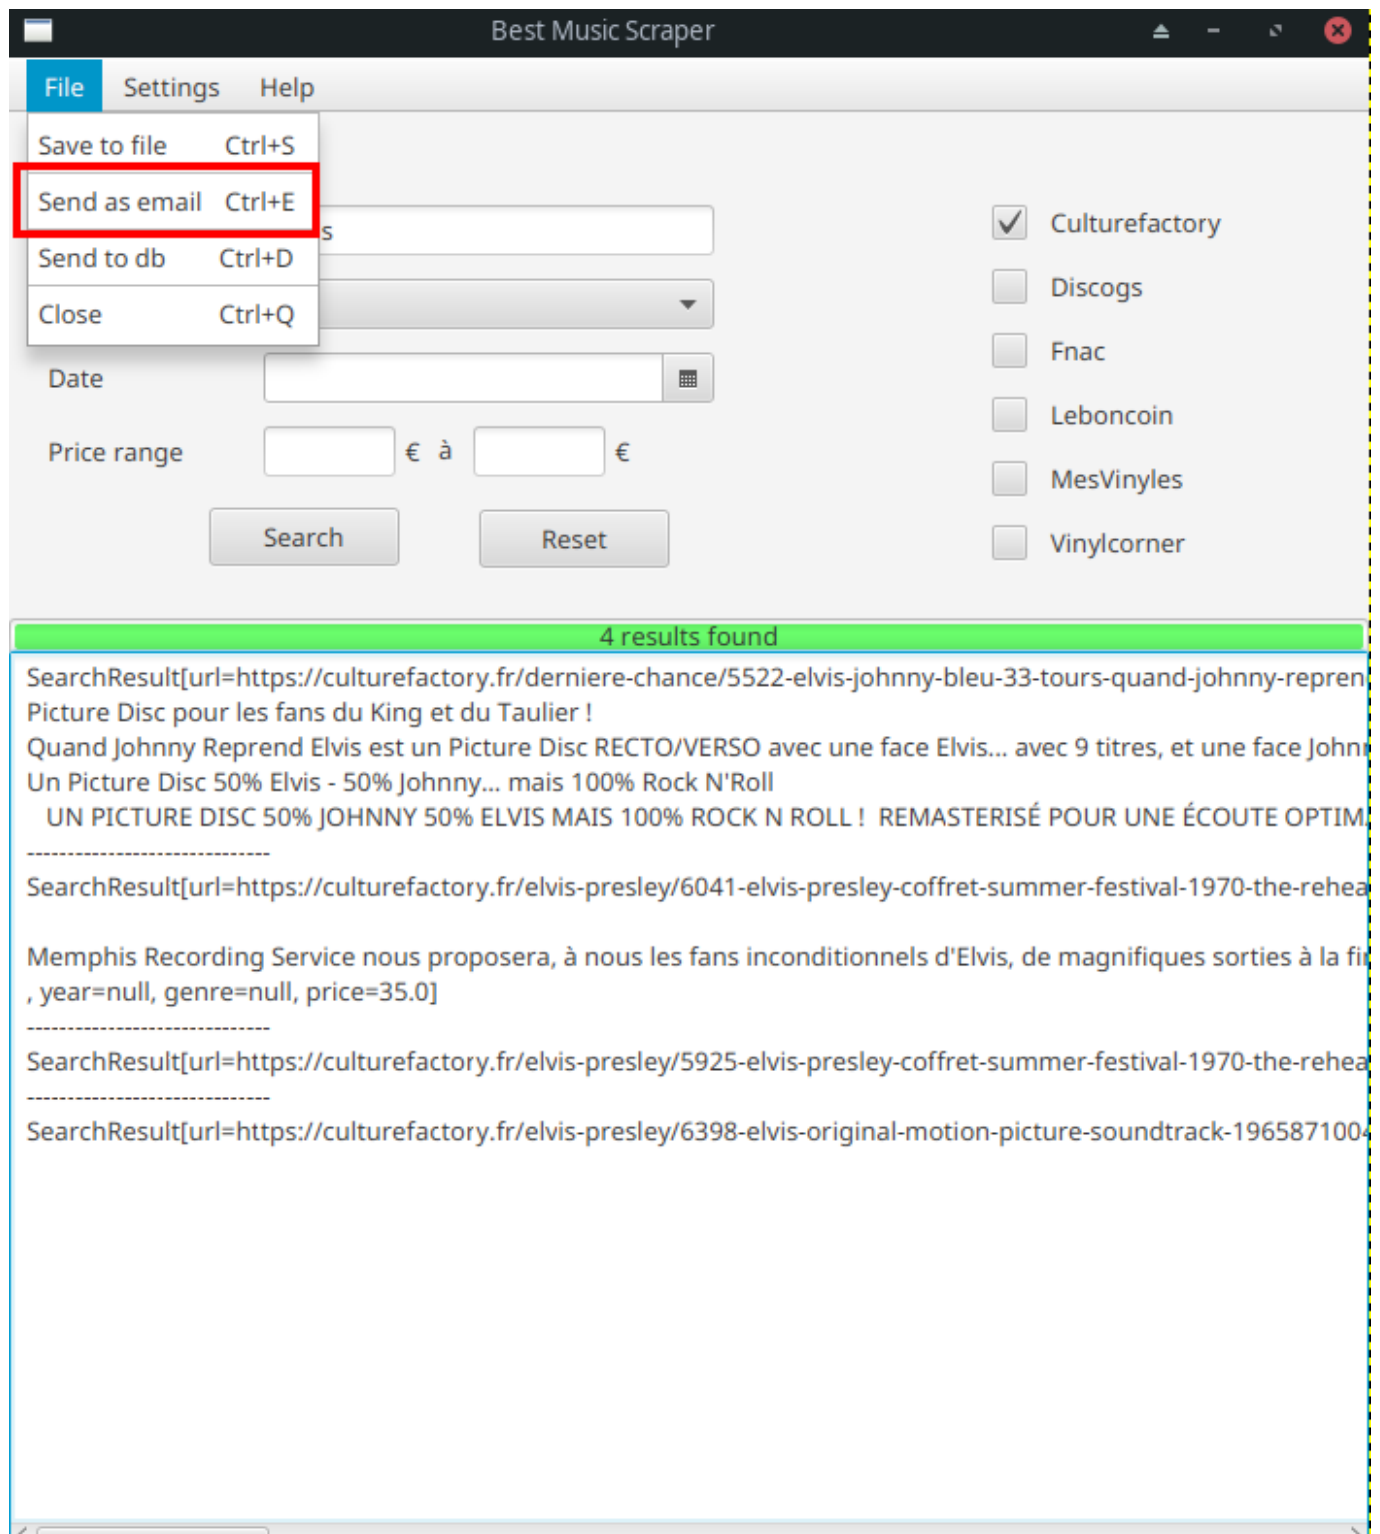

Export results to file

If you want to export your results to a text file, just click save to files in the Files menu

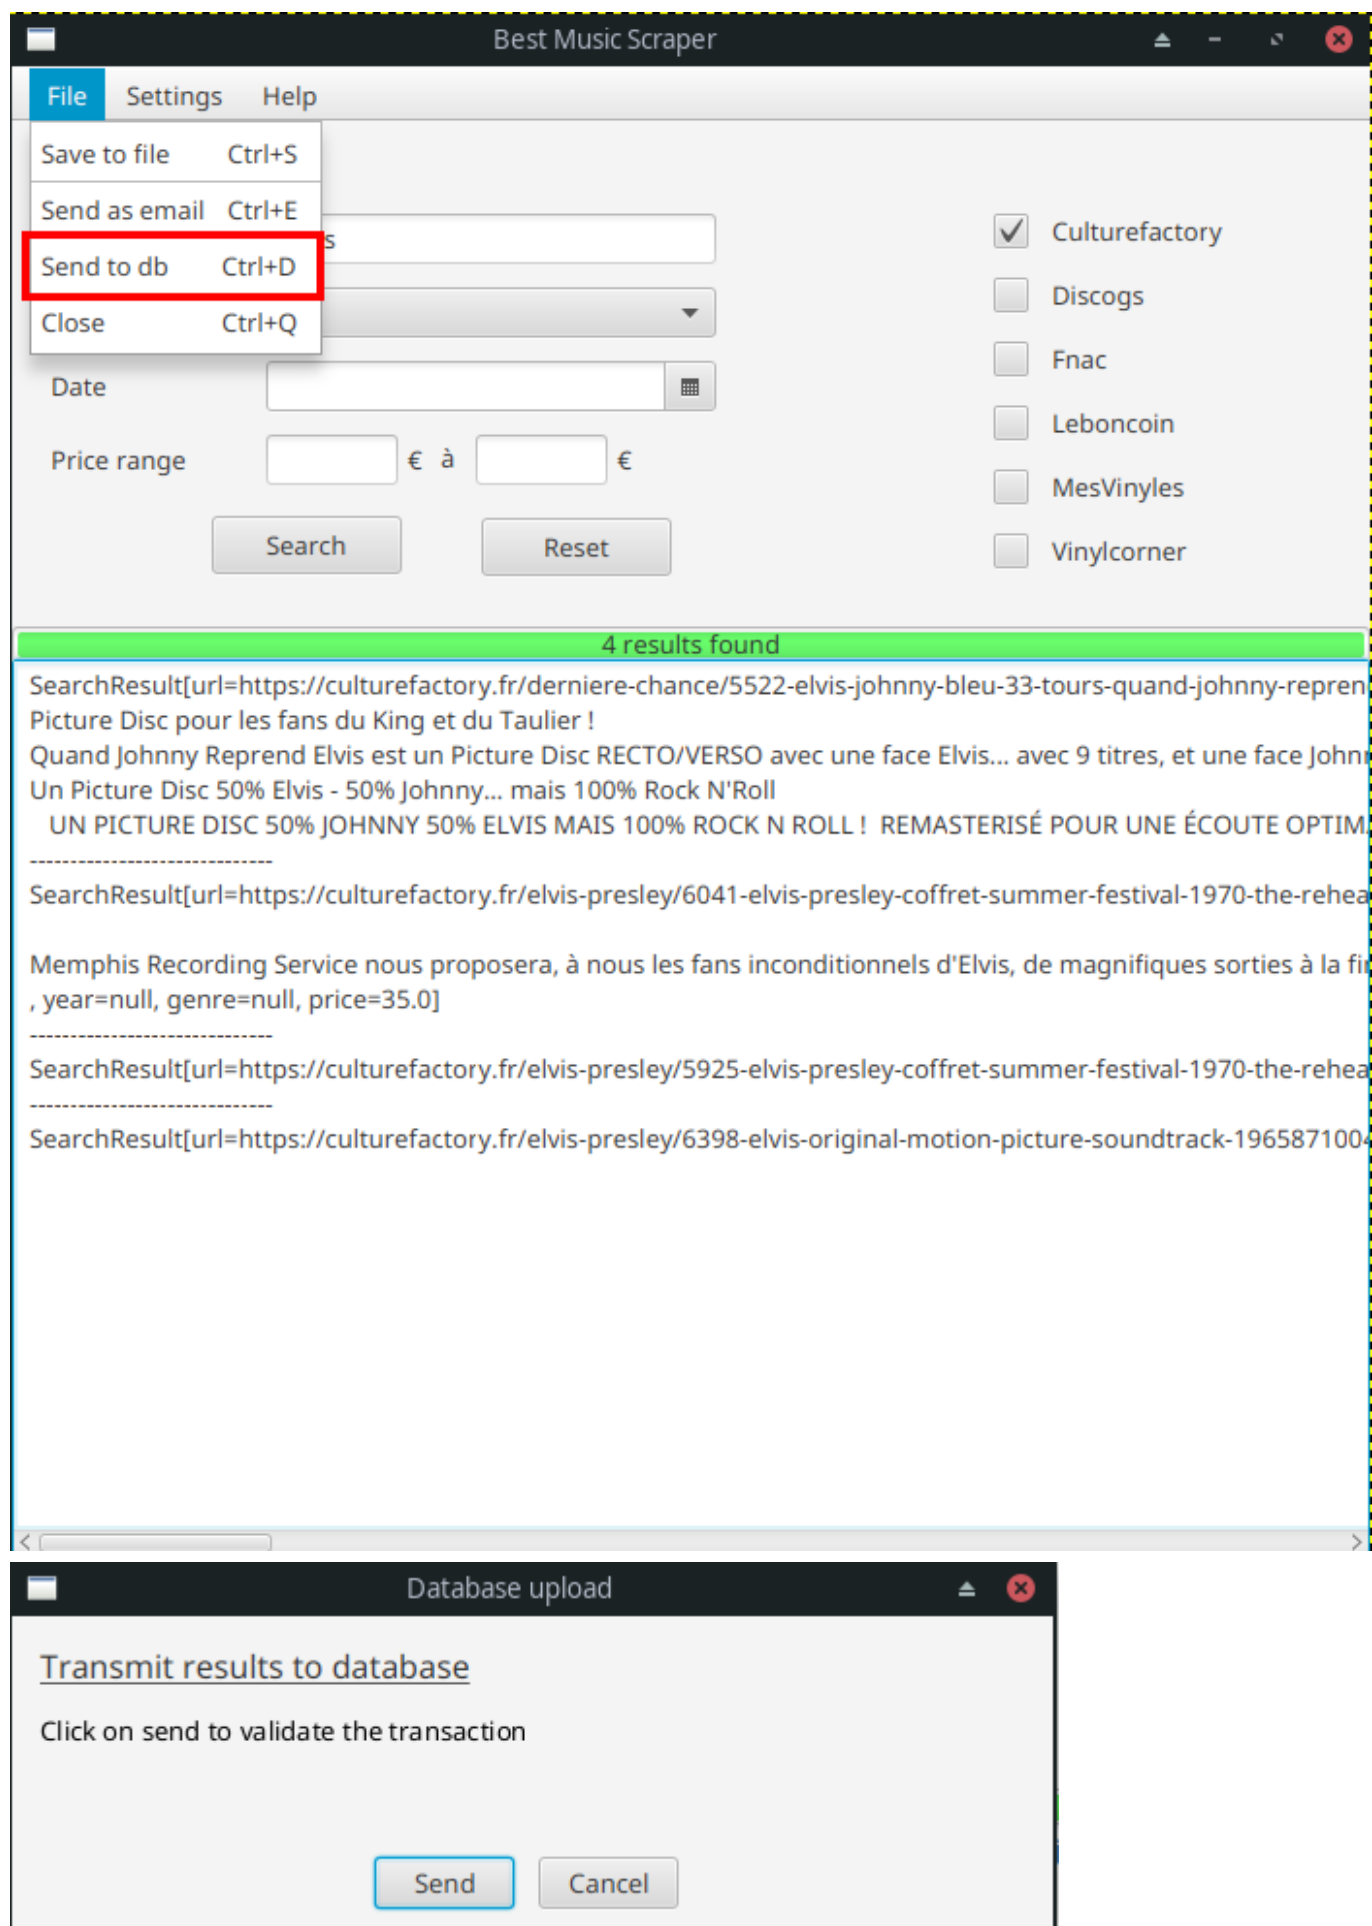

Send results as email

If you want to send your results as an email, just click send as email in the Files menu. You'll next have to enter the recipient email

Upload results to a database

If you want to export your results to a database, just click send to db in the Files menu

Close

When you're done with the scraper, just hit Close in the Files menu, or click on the red cross
